

ACCELERATE PROCESS DEVELOPMENT FOR FASTER COMMERCIALIZATION

DATASHEET

BIOVIA Discoverant eliminates data silos, enabling manufacturers to quickly characterize the chemistry, biology and physics of each process and accelerate scale-up, tech transfer and commercial release.

BIOVIA Discoverant Business Benefits for Process Development (PD)

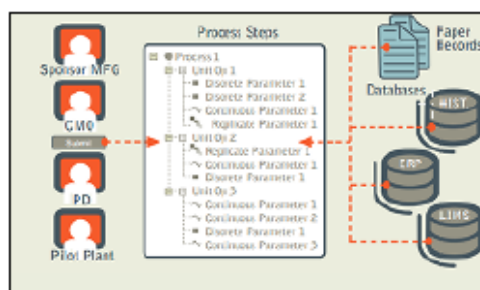

- Accelerate scale-up, tech transfer and commercial release
- Promote QbD collaboration between Product Development, Manufacturing, Quality and Contract Manufacturing Organizations, reduce product supply risk
- Accelerate regulatory approvals and improve compliance
- Compare experimental and clinical batch-to-batch data on demand

Define & Optimize

BIOVIA Discoverant enables identification of Critical Process Parameters, development and optimization of the Design Space, and understanding and control of process outcomes.

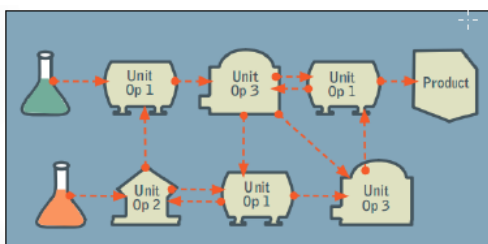

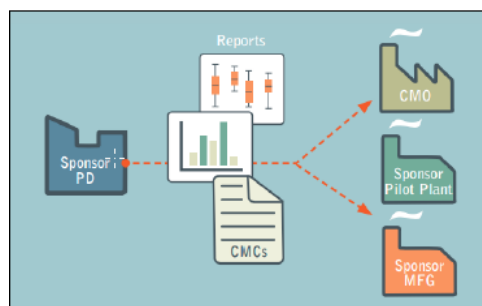

Point-and-click Data Access

BIOVIA Discoverant aggregates data from a variety of sources while maintaining process context, enabling better understanding and control of process variability.

Scale-Up & Transfer

BIOVIA Discoverant reduces product supply risks and makes it easier to generate CMCs and CTDs for faster regulatory approval and tech transfer.

BIOVIA Discoverant is a component of the BIOVIA Process Management and Compliance Suite, a comprehensive software offering for capturing, managing and analyzing development and process data in new product development and commercial manufacturing and quality operations.

Our 3DEXPERIENCE Platform powers our brand applications, serving 12 industries, and provides a rich portfolio of industry solution experiences.

Dassault Systèmes, the 3DEXPERIENCE Company, provides business and people with virtual universes to imagine sustainable innovations. Its world-leading solutions transform the way products are designed, produced, and supported. Dassault Systèmes' collaborative solutions foster social innovation, expanding possibilities for the virtual world to improve the real world. The group brings value to over 170,000 customers of all sizes in all industries in more than 140 countries. For more information, visit www.3ds.com.
